

Transforming the lives of older people, through companionship, exercise and fun!

Roar - Connections For Life is a charity registered in Scotland, and our goal is to empower older adults through mental wellbeing and physical ability, so they can stay active, independent and in-charge!

We have over 10 years' experience...

With over a decade of experience, our highly experienced team works with hundreds of older adults across the whole of Renfrewshire.

Understanding the problems of loneliness, social isolation and falls prevention in old age has led us to success, both in working across the generations and providing that crucial one to one support. We offer a wide range of services to help with a myriad of aging issues.
